

Breas Apto® N 01

Softness redefined

Premium softness, a secure fit, and intuitive ease of use – supporting better sleep and everyday wellbeing.

Support sound sleep with the freedom of the Apto N 01 Nasal Mask

The innovative endoskeleton, flexible frame and breathable headgear are designed to provide a secure seal with minimal facial contact, maintaining comfort and unrestricted vision – so users can breathe freely without feeling confined.

Thoughtfully designed with comfort in mind

The ultra-soft endoskeleton cushion is designed to deliver premium softness with a secure, reliable seal. By directing sealing pressure precisely where it's needed, it adapts effortlessly to different face shapes, sleep positions and natural movement throughout the night.

The Breas Apto mask family – experts in respiratory care.

Breas Medical is a global company headquartered in Sweden, with over 30 years of expertise in respiratory and sleep solutions.

Our solutions cover a broad range of devices, consumables, service solutions, educational and training programs and comprehensive connectivity capabilities to improve the quality of life of patients, from hospital to home.

Be more™

Soft. Simple. Liberating.

Breathable, cushioned headgear that looks and feels comfortable, without sacrificing stability.

Patented endoskeleton design eliminates hard plastic, with flexible wings supporting a secure seal, comfort and stability across nasal profiles and sleep positions.

Quick-release elbow enables easy connection and disconnection, while 360° rotation supports freedom of movement.

Unrestricted vision and freedom to move. The endoskeleton and frame support natural movement and a clear field of view, while maintaining seal, stability and comfort.

Flexible frame designed to adapt and flex, supporting stability and a consistent seal.

Easy-on clips
Simple, effective glide-on clips are easy to locate, enabling quick fitting and removal.

The Apto® N 01
